Please state your interest in attending the Nanovax conference (200-word max)

Please include your Curriculum Vitae along with the completed scholarship application and email them to nanovaccine@iastate.edu

This is a travel reimbursement award to attend the Nanovax 2025 Conference to be held April 2-3, 2025. Recipients must submit receipts for travel expenses related to conference attendance within one week following the conference. To qualify for reimbursement, attendees must travel via economy-level transportation services, including car rental and air travel. Hotel stay must be through The Gateway Hotel and Conference Center hotel block for the event unless there are no longer rooms available through the hotel block. If that is the case, written confirmation of no hotel rooms available at The Gateway Hotel and Conference Center must be received with receipt submission. Travel reimbursement will be received within 30 days of the event. Questions regarding the award and travel reimbursement policy can be directed to Hanna Bates, hbates@iastate.edu.
